

NARRATIVE AND DOCUMENTATION RELATED TO THE EDUCATION EXHIBITION AND APPRECIATION OF WIDYA WAHANA PENDIDIKAN

Education Department organizes exhibitions informal non-formal education, 2016

Today, Friday (8/19) City Department of Education (Dispendik) Surabaya Widya degree Non-Formal Education Informal Forum 2016, an event was held at the Youth Center. Events held until Saturday (19.08) was officially opened by the mayor of Surabaya Tri Rismaharini.

In his speech, the mayor said they were proud of the achievements of children Surabaya in art, which is one form of educational development of culture (culture).

Agenda opening was enlivened by a variety of children's art action Surabaya. As remo dance performances, modern yo-yo dance, fashion show and game angklung lure of children with special needs. Mayor along with dozens of children also sang the song "Thank You My Teacher".

"I want to be a Youth Center performing arts for children Surabaya. I beg the kids dance school, do not be embarrassed. You should be proud. As long as you perform, you can become a professional. That space is now open for you. Because children who excel not only in academic, "said the mayor.

According to the mayor, could see the kids Surabaya performing art at the Youth Center is one of the initial ideals when he served "the number one" in the city of Surabaya. To that end, the first female mayor in Surabaya encourages the Department of Culture and Tourism and several other related services, to help realize the expectations. "The goal is that the citizens

understand the culture (culture). And it's not just music and dance. But how our behavior is formed. Now all the guests who come to Surabaya, Surabaya city could say that the cultured, "said the mayor.

Delivered mayor, the ability of children's art Surabaya has a positive appreciation of foreign guests who visited Surabaya. When the agenda Surabaya host the third Preparatory Committee for Habitat III on July 25 to 27 last, the children ranging from kindergarten to high school performance capabilities get a chance to dance at City Hall witnessed by thousands of delegates from hundreds of countries.

"And some of the guests said the appearance of exceptional children. Some say the show has been an international class. Some even say he is already on a par Broadway (professional theater's most well known by the American public), "said the award-winning Ideal Mother of Cairo University this.

Mayor hopes, agenda featuring performances by children's abilities in art, can more often be held in Surabaya. Thus, children can more often and the other children could see and motivated. : I also want teachers to refer to Broadway there. In order to increase insight and can teach kids new things, "said the former Head of Department of Hygiene and Surabaya.

To educators in the Course and Training Institute (CGC) and the Center for Teaching and Learning Center (CLC), the mayor asked that they not be tired to encourage young students had high morale. "Please educators CGC and PKBM to excel. Not only in the academic field because every child that has different skills. Let's make our children beprestasi on the world stage, "said the mayor, who last month was awarded this first grandchild.

Meanwhile, Head of Education Department Surabaya, Ikhsanmenegaskan, exhibit non formal and informal education is the second time held in Surabaya. For this year, the theme is taken from life skills education and equality of human beings build globally competitive by holding fast local wisdom. "The exhibition was followed by 109 participants. We chose the best of the hundreds of CGC and CLC in Surabaya. In addition to learning exhibition, the public can see and choose to join, "said Ikhsan.

Ikhsan added, PNFI exhibition also aims to open up participation and involvement of non-formal education institutions in the city of Surabaya in accelerating the vision and mission of education is to make Surabaya Surabaya City as the Barometer of National Education.

According to him, this event is also a promotional event of non-formal educational institutions and dissemination about the programs offered at the same time motivate non-formal education institutions in order to improve its quality in the eyes of the general public.
